## *Funeral Price Guide*

Cremations, Burials and Memorial Options

2 Martinez Avenue, The Lakes, Townsville 4810

[funerals@morleys.net.au](mailto:funerals@morleys.net.au) | (07) 4779 4744 | [www.morleys.net.au](http://www.morleys.net.au)

## *Typical Price Examples for Cremations and Burials*

Most of our bereaved clients prefer to plan a unique and meaningful farewell for their loved one, so we are able to tailor the service to suit their special needs and requests. In the interests of reliable comparisons, we offer these price examples for a broad range of services to suit all budgets. We urge you to check our example prices herein and on our website ([morleys.net.au](http://morleys.net.au)) rather than so-called 'price comparisons' on other web sites.

We wish to emphasise that we do not charge for after hours transfers within a 50km radius of our funeral home for funerals that we carry out. Beyond 50km during normal hours incurs a \$560 fee.

Please note that any transfers from offshore or remote locations usually incur extra transport costs such as shipping or aircraft charges.

Morleys have been operating in Townsville since 1961. We always have and always will employ locals who live, work and invest in Townsville's economy. With 50 years experience, Ray Valdeter, born and

bred in Townsville (and AFDA Master Funeral Director), heads up our team of fully trained and experienced local funeral personnel. Some of our staff have been helping Townsville families for over 30 years. Our excellent and loyal staff offer in excess of 250 years local experience. Morleys Funerals continues to invest into the local economy using local contractors and suppliers whenever possible. Please be aware that no matter what level of service is chosen, our fully trained mortuary staff always prepare the body of your loved one with the utmost care. We have fully trained embalmers on staff to prepare for presentation, international and long-distance transfers and vault burials. Viewing your loved one prior to the funeral is encouraged, and we believe that professional body presentation is an essential part of funeral directing. If you are searching for a funeral home, it's always advised to check if this service is carried out, as not all funeral operators offer this service by qualified staff.

We have the largest range of coffins and caskets in North Queensland.

*Est. Townsville 1961*

*We have seen a lot of changes since 1961,  
and have kept pace with these changes.  
Thankfully, we have retained our same, good  
old-fashioned service that is expected of Morleys.*
